FEATURED NEWS

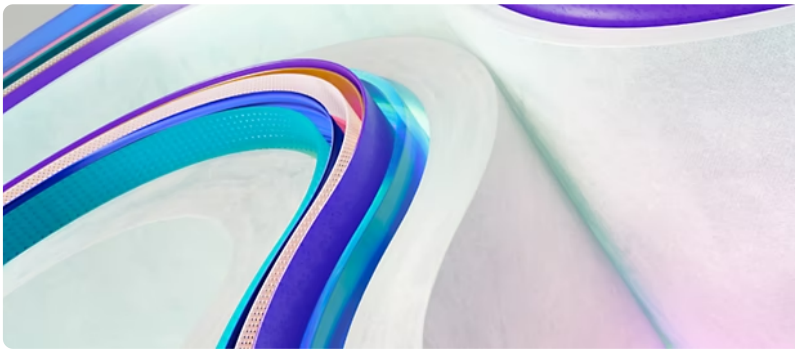

Discover what's happening on Azure

Create innovative AI solutions

Access sophisticated vision, speech, language, and decision-making AI models and create your own machine learning models.

[➤ Learn more](#)

Simplify your cloud adoption

Accelerate your move to the cloud with new tools, guidance, and offers to help you migrate, modernize, and innovate.

[Read the blog](#)

Build using Llama 2 from Meta

Create generative AI-powered experiences on Azure using the Llama 2 family of language models.

Azure global infrastructure

Go beyond the limits of on-premises datacenters with more regions than any other provider.

Get more value from your cloud investments

16%: average savings of direct infrastructure-related costs with Azure¹

37%: average three-year cost savings when you run equivalent workloads on Azure²

54%: potential total cost of ownership savings on Azure versus running on-premises³

CUSTOMER STORIES

See how customers are innovating with Azure

Fujitsu increased efficiency and reduced costs by migrating its on-premises datacenters to Azure and by modernizing with a cloud-first strategy.
